

It is hereby agreed by the City of Concord a municipal corporation in Merrimack County, New Hampshire, and by the Concord Electric Company a corporation of Concord in the County of Merrimack and State of New Hampshire as follows:

1. The said City releases to the said Company all rights it may have to attach the fire alarm wires and other wires maintained by the said City to the upper part of the poles of the said Electric Company.

2. The Concord Electric Company agrees in consideration of the foregoing that the said City shall have the right, as long as poles of the said Concord Electric Company stand in the streets of the said City, to attach the wires and cables used in connection with the wires of the New England Telephone and Telegraph Company of the said City to every such pole maintained by the said Electric Company as the said City may from time to time desire, said City wires and cables to be attached, however, in the position of the lower part. The said City may further attach such wires and cables to every such pole maintained jointly by the Concord Electric Company and the New England Telephone and Telegraph Company in the position below the wires of the Electric Company and above the wires of the Telephone Company provided the Telephone Company gives its assent thereto. For the purpose of said attachment the City may make use of a cross arm or of a bracket as may be more convenient.

Dated at Concord, New Hampshire, this tenth day of May, 1926.
